

Since 2009, Remount Foundation
has helped more than
22,000+
of America's Bravest and their families recover
from trauma and return from the brink of suicide.

200K+

active-duty and their
family members
living in El Paso

94K+

veterans living in
El Paso County, CO

28%

of suicides in El Paso
County are within the
military community

20%

of suicides in CO involve
veterans despite being only
8% of the CO population.

Remount Foundation addresses the suicide crisis
by providing a unique blend of
prevention, recovery, and resiliency
exercises through Equine Assisted Philosophy at no cost to participants.

Our Community Partners Include

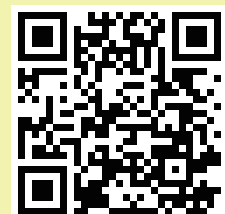

Every year, more and more brave women and men of the United States Armed Forces choose to change their lives by seeking out organizations that respect the service member's privacy, understands the military culture, and foster a safe environment where healing happens. The demand for Remount's services has outpaced our infrastructure capacity and our current funding levels. We rely on the generous monetary gifts from our partners and donors.

We need your help
rescuing and rebuilding
the lives of America's
Bravest and their families.
They need your help!
